

Part No. 165
Order No. MG000165

Pack/Net Fill	12/30 Oz. (888 mL)
Item No.	MG000165
Each UPC	0-71621-61180-7
Case UPC	0-71621-61181-4
Case SCC	1-00-71621-61180-4
Pack Dimensions	L 14.0" x W 10.0" x H 9.75"
Pack Cubes (Ft. ³)	.79
Pack Weight (lbs.)	25.8
Pallet Weight (lbs.)	938.0
Pallet Stack	40 Cases (4 layers of 10)

Diesel Fuel Treatment with AntiGel

Specially formulated to offer maximum protection against harmful effects of low sulfur fuels. Contains high levels of detergents, dispersants and lubricity additives to deliver extra fuel system cleaning, power and lubricity. Meets Cummins L-10 Superior Specs.

Features & Benefits:

- Superior cold weather performance and protection
- Lowers fuel Pour Point and Cold Filter Plugging (CFPP)
- Outstanding cleaning for fuel injectors & carburetors
- Fights fuel system freeze-up and prevents fuel gelling
- Helps prevent corrosion
- Improves fuel economy and increases mileage
- Improves power & acceleration
- Helps reduce exhaust emissions
- Compatible with all diesel fuels
- Easy to use, works while you drive
- Back label includes Spanish translation
- Also available in 12 oz. (355 mL)

Directions:

- Add one bottle of product to tank when refueling
- To lower Pour Point the following ratios are recommended:
 - ~ One bottle treats 50 Gallons (189 L) of fuel to lower pour points as much as 35°F (19°C) and CFPP by 31°F (17°C)
 - ~ One bottle treats 125 Gallons (473 L) of fuel to lower pour points as much as 15°F (8°C) and CFPP by 24°F (13°C)
- ➔ See back label for complete directions

Uses:

- Domestic & foreign passenger cars
- Light trucks
- Vans
- Sport utility vehicles
